# FEMA Debris Management Planning Technical Assistance Workshop

**October 27<sup>th</sup> and 28<sup>th</sup>, 2015**

**Jenny Wiley State Resort Park**

**Shawnee Room**

**75 Theatre Court**

**Prestonsburg, KY 41653**

**8:30 a.m. – 4:30 p.m.**

### **Workshop Description:**

The Debris Management Planning Technical Assistance (TA) workshop is being provided to Kentucky local jurisdictions and organizations to help with plan development. This workshop can assist emergency managers, public works, solid waste personnel and other public service personnel in identifying debris management-related considerations. While the entire debris management process will be briefly addressed, the focus will be developing sections of debris management plans that address the following: debris monitoring, procurement, debris collection and segregation, and public information and outreach. (16 hours/CEUs awarded for this workshop.)

### **Student Criteria:**

This workshop is intended for state, territorial, regional, and local emergency management, public works, and solid waste agencies or other entities with the need to write debris management plans.

### **Special Notes:**

The objective of the workshop is for participants to leave the course with the beginning of a debris management plan and knowledge of how to continue the development process when they return to their jurisdictions. This workshop will be largely discussion-based (small and large group) and participant-focused with FEMA, KYEM, NRCS, and EEC subject matter expert's facilitating the development of the plan sections. Participants should come prepared for hands-on work. Meals, lodging, and travel arrangements/expenses are the responsibility of the participant and will not be reimbursed by KYEM.

### **Registration:**

Registration for the workshop can be initiated using the following link: [www.kyem.ky.gov/training](http://www.kyem.ky.gov/training) and then clicking on "Register" next to the selected course. A certificate of completion for FEMA's online IS-632.a Introduction to Debris Operations **OR** E202 (or L202 or G202) Debris Management Planning for State, Tribal, and Local Officials is required before registrants will be admitted to this workshop. Access the IS-632.a online course here:

<https://training.fema.gov/is/courseoverview.aspx?code=IS-632.a>. Copies of a certificate of completion for either course must be submitted to Eva Wilson before the workshops using the email address below and a confirmation of receipt and admittance to the workshop will be sent to the registrant.
